“Pioneering from scratch, conquering challenges, striving for excellence.”

Friedrich Alfred Krupp

Dear valued business partners,

Since 20 years we are now supplying innovative supply system solutions. It would have been a sincere pleasure for us to invite you to our anniversary May 4th for interesting discussions and joyful times, however, the current situation does not allow.

Therefore we would like to express our deepest gratefulness for the successful and cooperative partnership. Success is only possible by joining forces build on strong trust. We do look very much forward continuing our cooperation and are certain we can master any challenges together.

Hopefully we can meet in person again soon.

Stay safe!

Best wishes,

Kurt Pietsch
